Change Of Address (COA) is only reported for the following codes in the NXI field: **A, 91, 92**

If you review the field descriptions below you will notice the records that receive a

**1, 2, 3, 5, 14 or 19**

are records that should not be mailed to for one reason or another. In this case you would want to remove the record from the mailing as the person in the database no longer resides at the address listed.

### NXI Field Descriptions:

- A** COA Match - The input record matched to a business, individual or family type master file record. A new address could be furnished.
- 91** COA Match: Secondary Number dropped from COA - The input record matched to a master file record. The master file record had a secondary number and the input address did not. The record is a ZIP+4 street level match.
- 92** COA Match: Secondary Number Dropped from input address – The input record matched to a master file record, but the input address had a secondary number and the master file record did not. The record is a ZIP+4 street level match.
- 01** Found COA: Foreign Move- The input record matched to a business or resident in the in the master file but the new address was outside the delivery area.
- 02** Found COA: Moved and left no Forwarding Address - The Input record matched to a business, individual or family type master file record but the new address was not provided to the USPS.
- 03** Found COA: Box Closed No Order (BCNO). The Input record matched to a business, individual or family type master file record which contains an old address of PO BOX that has been closed without a forwarding address provided.
- 05** Found COA: New 11 digit DPBC is ambiguous. The Input record matched to a business, individual or family type master file record. The new address on the master file could not be converted to a deliverable address because the DPBC represents more than one delivery point.
- 14** Found COA: New Address Would Not Convert at Run Time. The input record matched to a master file (business, individual or family type) record. The new address could not be converted to a deliverable address.
- 19** Found COA: New Address not ZIP+4 coded - There is a change of address on file but the new address cannot be ZIP+4 coded and therefore there is no 11-digit DPBC to store or return.
